

# CableFish®

CableFish® is the innovative, effective Touchdown Monitoring Tool which will provide continuous visual and position monitoring for submarine cable installation.

CableFish® is proven to deliver risk reduction and cost savings to its users, improving project efficiencies and HSE standards.

## Particulars

Length: 700mm  
Height: 700mm  
Width: 350mm  
Weights: 950kg  
Load: Adjustable for a range of cable diameters

## Performance

Max depth 100m  
Max flow 3m/s  
6 knot tidal flows

## Navigation

3 Bowtech cameras: 2 forward, 1 aft  
2 x dimmable LED lights  
Tritech PA200 Altimeter  
X-IO Technologies Motion sensor  
Sonardyne or Kongsberg USBL beacon  
Data provided topside via RJ45 ethernet connection

## Benefits

- » Live images of touchdown during cable lay
- » Automatically plots cable lay
- » Eliminates the need for expensive post-lay ROV
- » Safe and simple to deploy, operate and recover
